

NAKZ
Press kit

Bio

DJ Nakz was born and raised in Toronto where he started his DJ career in 2012. His love for all genres of music has him spinning hip-hop and house along with everything in between in clubs and lounges across the city.

Travelling south of the border as a guest DJ in Atlanta and Kansas City has exposed him to different music scenes, providing the inspiration to pursue new sounds in his mash-ups. Aside from DJing the nightlife scene, Nakz values the privilege to provide his talent for community events produced by the likes of Big Brothers and Big Sisters of Toronto and Sick Kids Foundation.

Singing and teaching himself to play the guitar at a young age, Nakz grew up with not only an ear for music, but with an appreciation and a vision for it. He creates music for the enjoyment of his audience, to honour the greats in the business, and to showcase up and coming local artists who strive to provide their listeners with the same positive influences.

Drawn to turntablism early in the game, Nakz's sets feature the coveted technique that enhances transfers between his handpicked song selections that propel him to stand out in the industry. With the artistry to read and cater to all crowds, he revels in his audience's continued appreciation and support of his music, allowing him to give back to the music community and contribute to the growth of the culture that he loves and in which he thrives.
